

Contents

Part 1: Introduction

1. Internet and World Wide Web	3
1.1 Internet	5
1.2 History of Internet	6
1.3 Connection to the Internet	7
1.4 Internet Addresses	7
1.4.1 IP Addressing	7
1.4.2 DNS Addressing	8
1.5 Services of Internet.....	8
1.5.1 World Wide Web (WWW)	8
1.5.1.1 Uses of WWW	9
1.5.2 Email	9
1.5.2.1 Advantages and Uses of Email	10
1.5.2.2 Disadvantages of Email	10
1.5.2.3 Email Address.....	11
1.5.3 Email Discussion Groups	11
1.5.4 News Groups	11
1.5.5 E-Commerce.....	11
1.5.5.1 Role of E-Commerce.....	12
1.5.5.2 Types of E-Commerce.....	13
1.5.5.3 Advantages e-commerce	13
1.5.5.4 Functions of e-commerce Web sites	14
1.5.6 TELNET	14
1.5.7 FTP	14
1.5.8 Chatting & Instant Messaging	14
1.6 Basic Terminologies of Internet.....	15
1.7 Advantages of Internet.....	16
1.8 Disadvantages of Internet.....	18
1.9 Web Browser.....	19
1.9.1 Text-based Browsers	19
1.9.2 Graphical browsers	19
1.10 Web Server	19
1.11 Search Engines.....	20
1.12 Types of Websites	20
1.13 Multimedia on Web	22
1.14 Netiquette.....	23
1.15 Web Publishing	24
1.16 Web Page Program Development	24
1.17 Scripting Languages	25
1.18 TCP/IP	27
1.19 Intranet and Extranet	27
<hr/>	
Short Questions	28
Multiple Choices.....	34
Fill in the Blanks	41
True/False	43

Part 2: Hyper Text Markup Language

2. Introduction to HTML	46
2.1 Hyper Text Markup Language	47
2.1.1 Tags and Attributes.....	47
2.1.2 Benefits of HTML	47
2.1.3 Limitations of HTML.....	48
2.2 Web Page Creation using HTML.....	48
2.2.1 Basic Structure of HTML Document.....	48
2.3 Headings	50
2.4 Paragraphs	51
2.5 Line Breaks.....	52
2.6 Horizontal Line	53
2.7 Text Formatting.....	54
2.7.1 Fonts.....	55
2.7.2 Preformatted Text.....	56
2.8 Spaces	57
2.9 DIV Tag.....	57
Exercise Questions	58
<hr/>	
3. Lists, Images and Tables	59
3.1 Lists.....	60
3.1.1 Ordered Lists	60
3.1.2 Unordered List.....	62
3.1.3 Definition Lists	64
3.1.4 Nested Lists.....	65
3.2 Images in HTML	67
3.2.1 Using Images in HTML.....	68
3.3 Tables.....	70
3.3.1 The <TR> Tag	71
3.3.2 The <TD> Tag.....	71
3.3.3 The <CAPTION> Tag.....	76
Exercise Questions	78
<hr/>	
4. Hyperlinks and Image Maps	79
4.1 Hyperlinks	80
4.1.1 Types of Hyperlinks.....	80
4.2 Creating Hyperlinks in HTML.....	80
4.2.1 Links to another Web Page	81
4.2.2 Links to the Page of other Website.....	84
4.2.3 Links to other Parts of the Same Page	84
4.2.4 Email Hyperlinks	87
4.2.5 Images as Hyperlinks	88
4.2.6 Hyperlinks in Lists.....	92
4.2.7 Hyperlinks in Tables.....	92
4.3 Image Maps.....	93
Exercise Questions	96

5. Frames and Forms	97
5.1 Frames	98
5.1.2 Nested Frames	101
5.2 Forms	105
5.2.1 Uses of Forms.....	105
5.3 Form Elements.....	106
5.3.1 Text Field.....	106
5.3.2 Password Field	107
5.3.3 Radio Button	108
5.3.4 Checkbox Field	109
5.3.5 Select Field.....	110
5.3.6 Text Area Field	112
5.3.7 Button.....	113
5.3.8 File Upload Field	114
5.3.9 Submit Button.....	115
5.3.10 Reset Button	115
Exercise Questions	118
<hr/>	
Short Questions.....	119
Multiple Choices.....	124
Fill in the Blanks	132
True/False	133
<hr/>	

Part 3: Cascading Style Sheets

6. Cascading Style Sheets	136
6.1 DHTML	137
6.1.1 Benefits of DHTML	137
6.1.2 Disadvantages of DHTML.....	138
6.2 Cascading Style Sheets	138
6.2.1 Cascading Order	139
6.2.2 Benefits of Style Sheet	139
6.2.3 Parts of CSS	139
6.3 External Style Sheets.....	140
6.4 Internal Style Sheets.....	141
6.5 Inline Styles.....	142
6.6 CSS and Text.....	143
6.6.1 Special Effects	146
6.6.2 Text Layout	147
6.7 Lists.....	148
6.8 CSS and Hyperlinks.....	150
6.9 CSS and Backgrounds.....	151
6.9.1 Background Colors.....	151
6.9.2 Background Images.....	151
6.9.3 Background Control.....	151
6.10 CSS and Borders.....	154
6.10.1 Parts of Border	154
6.11 CSS and Tables	156

6.12 CSS and Scrollbars	158
6.13 CSS and Cursors.....	159
6.14 CSS Class.....	161
Exercise Questions	162
<hr/>	
Short Questions.....	163
Multiple Choices.....	165
Fill in the Blanks.....	167
True/False	168
<hr/>	

Part 4: JavaScript

7. Introduction to JavaScript	171
7.1 Scripts	172
7.1.1 Server-Side Scripts	172
7.1.2 Client-Side Scripts	172
7.2 JavaScript	173
7.2.1 Advantages of JavaScript	174
7.2.2 Uses of JavaScript	174
7.3 Running JavaScript	175
7.4 Data Types	176
7.5 Variables	177
7.5.1 Variable Declaration	177
7.5.2 Variable Initialization	177
7.6 Literals	178
7.6.1 Floating-Point Literals	179
7.6.2 Integer Literals	179
7.6.3 String Literals	179
7.7 Type Conversion	180
7.8 Expressions	181
7.9 Operators	182
7.9.1 Assignment Operators	182
7.9.2 Arithmetic Operators	183
7.9.3 Operator Precedence	186
7.9.4 Operator Associativity	188
7.10 Type Casting.....	189
7.10.1 Implicit Type Casting.....	189
7.10.2 Explicit Casting.....	189
Exercise Questions	191
<hr/>	

8. Conditions and Loops	192
8.1 Conditional Statements	193
8.1.1 Relational Operators	193
8.1.2 Relational Expression.....	193
8.2 if Statement	194
8.3 if...else Statement.....	195

VIII

8.4 Nested “if” Statement	199
8.5 Logical Operators	200
8.6 switch Statement	204
8.7 Conditional Operator	206
8.8 Loops	207
8.9 while Loop	208
8.10 do-while Loop	210
8.11 for Loop	213
8.12 “continue” Statement	216
8.13 “break” Statement	217
8.14 Nested Loop	217
Exercise Questions	219
<hr/>	
9. Functions and Arrays	220
9.1 Functions	221
9.1.1 Function Declaration	221
9.1.2 Function Call	222
9.1.3 Passing Parameters to Functions	223
9.1.4 Returning Value	224
9.2 Local Variables	225
9.3 Global Variables	226
9.4 Built-in Functions	227
9.4.1 Dialog Boxes	227
9.4.2 Conversion Functions	231
9.5 Arrays	235
9.5.1 Array Declaration	235
9.5.2 Assigning Values to Array	236
9.5.3 Retrieving Values from Arrays	237
9.5.4 Passing Array to Function	238
9.6 Manipulating Arrays	238
Exercise Questions	240
<hr/>	
10. JavaScript Object Model	241
10.1 JavaScript Object Model	242
10.2 Objects	242
10.2.1 Browser Objects	243
10.2.2 Arrays of Objects	243
10.3 Form Elements	244
10.4 Events	244
10.4.1 Event Handlers	244
10.5 Forms and Events	246
10.5.1 Button Element	246
10.5.2 Text Element	247
10.5.3 Password Element	250
10.5.4 Checkbox Element	251
10.5.5 Radio Element	252
10.5.6 TextArea Element	254
10.5.7 Select and Option Elements	254

10.6 Form Validation	256
10.6.1 Common Validation Types	256
10.7 Advanced JavaScript	264
10.7.1 Date Object	264
10.7.2 Image Object	266
10.7.3 Window Object	266
10.7.4 History Object	269
10.7.5 String Object	270
Exercise Questions	271

Short Questions	272
Multiple Choices	283
Fill in the Blanks	293
True/False	295

Part 5: Microsoft FrontPage

11. Web Designing using Microsoft FrontPage	300
11.1 Microsoft FrontPage	301
11.1.1 FrontPage Environment	301
11.1.2 Screen Layout	301
11.2 Designing the Documents	302
11.3 Hyperlinks	311
11.3.1 Types of Hyperlinks	311
11.4 Tables in FrontPage	315
11.5 Frames	320
11.5.1 Hyperlinks in Frames	323
11.6 Graphics in FrontPage	326
11.7 Creating Web in FrontPage	332
11.8 Web Site Publishing in FrontPage	334
11.9 Forms	348
11.10 Cascading Style Sheets in FrontPage	356
11.10.1 Inline Styles	357
11.10.2 Embedded Style Sheets	358
11.10.3 Linked Styles Sheets	357

Part 6: Active Server Pages

12. Web Applications with ASP	367
12.1 Web Applications	368
12.1.1 Web Application Requirements	368
12.2 Web Application Development Cycle	370
12.3 Static and Dynamic Pages	371
12.4 Active Server Pages	372
12.4.1 Advantages of ASP	372
12.4.2 Requirements for ASP	373

12.5 Personal Web Server (PWS)	373
12.5.1 Installing PWS from Windows 98 CD	373
12.5.2 Installing IIS on Windows XP	379
12.6 Embedding ASP in HTML	381
12.7 Variables	382
12.8 Mathematical Operators.....	384
12.9 Comments	385
<hr/>	
13. Programming Constructs in ASP	387
13.1 Conditional Statements	388
13.1.1 If... Then Structure.....	388
13.1.2 Relational Operators	389
13.1.3 If... Then... Else Structure.....	390
13.1.4 Compound Comparison.....	390
13.1.5 Logical Operators	391
13.1.6 Nested If... Then... Else Structure	392
13.1.7 Select... Case Structure	393
13.2 Loops	394
13.2.1 While... Wend Loop	394
13.2.2 Do... While... Loop.....	395
13.2.3 For... Next Loop	396
13.2.4 Early Termination of Loops	397
13.2.5 Nested Loops	398
13.3 Procedures	399
13.3.2 Passing Parameters to Procedures	400
13.4 Functions	401
13.4.1 Returning a Value from Function.....	401
13.4.2 Exit Sub & Exit Function	402
13.5 Arrays	402
13.5.1 Searching in Arrays.....	403
Exercise Questions	405
<hr/>	
14. ASP Objects	406
14.1 Client-Server Communication	407
14.2 ASP Objects.....	407
14.2.1 Request Object	408
14.2.2 Response Object.....	408
14.2.3 The "global.asa" File	414
14.2.4 Application Object.....	414
14.2.5 Session Object	415
14.2.6 Server Object	418
14.3 Server Side Includes (SSI)	420
<hr/>	
15. Introduction to MS Access	423
15.1 Database	424
15.2 Database Management System.....	424
15.3 Relational Databases.....	424
15.4 Database Objects	424

15.5 Primary Key	425
15.6 Foreign key	426
15.7 Referential Integrity	427
15.8 Database Creation in MS Access	427
15.9 Table Creation in MS Access	431
15.10 Data types	432
15.11 Views in MS Access	433
15.12 Opening a Table	434
15.13 Adding Data to a Table	435
15.14 Deleting a Record from Table	435
15.15 Query	435
15.15.1 Select Query	436
15.15.2 Creating Simple Query	436
15.16 Wild Cards	438
15.16.1 Criteria in Query	438
<hr/>	
16. Structured Query Language	440
15.1 Structured Query Language	441
15.2 The SELECT Statement	441
15.3 The WHERE Clause	442
15.4 The INSERT INTO Statement	443
15.5 The UPDATE Statement	444
15.6 The DELETE Statement	445
15.7 Functions	448
15.7.1 Types of Functions	448
<hr/>	
17. Database Connectivity in ASP	450
17.1 Database Connectivity in ASP	451
17.2 Open Database Connectivity	451
17.3 OLE DB	451
17.4 ActiveX Data Object	452
17.5 The ADO Object Model	452
17.6 Connection Object	452
17.6.1 Properties of Connection Object	452
17.6.2 Collections of Connection Object	454
17.6.3 Methods of Connection Object	454
17.7 Recordset Object	456
17.7.1 Properties of Recordset Object	456
17.7.2 Collections of Recordset Object	458
17.7.3 Methods of Recordset Object	458
17.8 Command Object	469
17.8.1 Properties of Command Object	470
17.8.2 Collections of Command Object	470
17.8.3 Methods of Command Object	470
<hr/>	
18. ASP Projects	472
Project 1: User Registration	473
Project 2: Online Survey Poll	476

XII

Project 3: Online Result480
Project 4: Login Window.....483

Short Questions.....490
Multiple Choices.....494
Fill in the Blanks.....499
True/False500
